die-cut template and assembly

Four Days Ahead introduces a whole new way of growing a beautiful surrounding! In just 4 days, you will see your roses budding and a new beginning to that relaxing surrounding filled with vivacious colors to fit your mood during the summer breeze. Lay back & enjoy!

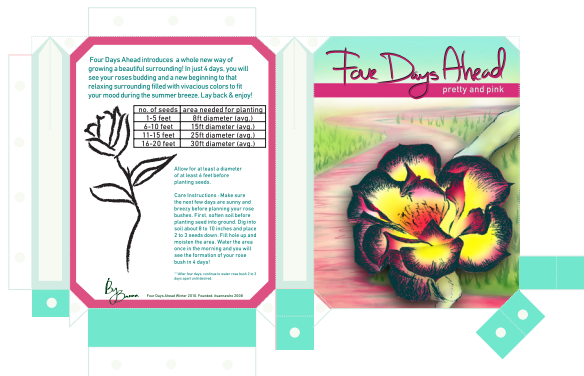

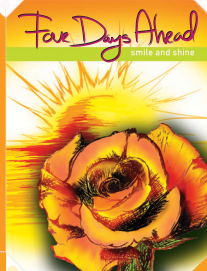

no. of seeds	area needed for planting
1-5 feet	8ft diameter (avg.)
6-10 feet	15ft diameter (avg.)
11-15 feet	25ft diameter (avg.)
16-20 feet	30ft diameter (avg.)

Allow for at least a diameter of at least 3 feet before planting seeds.

**Care Instructions:** Make sure the next few days are sunny and breezy before planting your rose bushes. First, soften soil before planting seed into ground. Dig into soil about 8 to 10 inches and place 2 to 3 seeds down. Fill hole up and moisten the area. Water the area once in the morning and you will see the formation of your rose bush in 4 days!

\*After four days, continue to water rose bush 2 to 3 days apart until desired.

\*The Annual Percentage Yields (APY) are accurate as of 7/20/2015 and are subject to change without notice. **1% Combo Account** – The Combo Account is a 13 month 1% APY CD with a \$500 minimum balance requirement and a checking or money market account with at least one monthly direct deposit. Both must be maintained to earn the advertised CD APY. If the direct deposit is not established within 60 days of account opening, the APY will revert to the 12 month CD rate in effect at account opening. A penalty will be imposed for early withdrawal. **High Yield Money Market Account** – Rates are compounded monthly and paid on the entire balance in the account. Fees may reduce earnings if the average minimum monthly balance of \$500 is not maintained.
